

COACH DEVELOPMENT PROGRAM

“Coaches Helping Coaches”

After considerable demand, we are pleased to offer our “AFFILIATE COACH” program to you. Essentially, the program entails coaching services for you to develop your coaching business in a comprehensive and efficient manner. The art of coaching is to help a person move in the direction of their vision, and our goal in this program is no different. We will help you identify and define your vision as a coach, and we will support you throughout the year to help you achieve your goals as a coach.

SUPPORT DETAILS

6 HOURS OF DEVELOPMENT MEETINGS

Done remotely, this can be broken up in different ways to best suit your situation (ie. 12 x 30 minutes). The first meeting will be 60 minutes and will help determine the content of the program for the individual coach, including setting measurable goals and developing a plan of action.

1 DAY (5-7 HRS) VISIT TO SHADOW GPC COACHING PROGRAMS

This will allow the coach to get a better understanding of how we run our junior coaching programs and will entail spending extended periods of time with GPC Lead Coaches. You will be able to shadow our programs and draw out invaluable observations of how we coach our players.

1 DAY (5-7 HRS) VISIT TO “AFFILIATE COACH” FACILITY

A GPC coach will come out to your preferred facility (Indoor or Outdoor) to support and observe you coach. This day can be shaped to best suit the your needs and may entail supporting you with a “specialized” clinic, supporting your lessons, or conducting a parent information session.

SHARED COACHING RESOURCES

You will have access to a shared folder through [Dropbox](#) that will allow us to share many of our coaching templates, lesson plans, and program flyers with you. This will also include video's, blogs, and research articles which are pertinent to your goals.
